

Thank you for choosing dtpXpress. We hope you will find this template helpful.

INSTRUCTIONS:

After you have read through and understand the basic layout of this template for a 14'x48' billboard, simply turn the visibility off on the layer marked **'Info'** and design accordingly. Once your design is complete turn off the visibility of the layer marked **'Doc Guides'** before out-putting.

Please pay special attention to the specifications at the bottom of this page for out put.

Note: This document is built at 1/72 scale, all sizes are listed as such. In order to achieve appropriate sizing your banner should be out-put as instructed below:

All images need to be designed:
• CMYK color space

All images need to be output:
• @ 1200% (1"=1')
